Simple Search: Search ebrary Advanced All Subjects

SETTINGS

Managing bibliographic information:

ebrary supports exporting bibliographic information to two industry-leading providers. ebrary displays export buttons for the provider you select in your search results, on the bookshelf (at the top of each book list for your folders), and in QuickView (under the InfoTools menu). You can select EndNote & Citavi, RefWorks, or both.

- Show EndNote & Citavi buttons, see [EndNote](#) for more information
- Show RefWorks buttons, see [RefWorks](#) for more information

Select Citation Format

- ACW(Alliance for Computers and Writing)
- APA(American Psychological Association)
- MLA(Modern Language Association)
- ebrary(ebrary standard format)

Choose your accessibility mode:

Some features of this web site use two different methods to achieve the same functionality. Selecting "accessibility mode" will make operations easier for those with disabilities, including those who use screen readers.

- Display pages in accessibility mode

Description

pomocí [App Store](#) si na iPad stáhněte aplikaci ebrary

Researchers now have an optimized way to experience authoritative content – both online and offline – from multiple sources including e-books that their institutions acquire from leading publishers and materials uploaded and integrated by librarians. Additionally, researchers can import their own PDF documents – outside of the ebrary platform – through the app itself.
